**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need competition and a big NO to price hikes that will increase the cost of internet and telephone services. Broadband is such a critical component of todays life its a utility these days and we need competitive companies that innovate and improve the quality of the service while keeping the costs low. We definitely dont want a monopoly for few marketing forces controlling the Internet and dictating the prices.
